<Materials information>

This materials information shows the amount of hazardous materials contained in

|   |      |
|---|------|
|   | Unit |
| 1 | PCS  |

(Unit: kg, m, m2, m3, piece, etc.) of the product

| Table   | Material name  |                                  | Threshold value      | Present above threshold value? | If yes, material mass |      | If yes, information on where it is used |
|---|--|----------------------------------|----------------------|--------------------------------|-----------------------|------|---|
|   |  |                                  |                      | Yes / No                       | Mass                  | Unit |   |
| Table A<br>(materials listed in appendix 1 of the Convention) | Asbestos   | Asbestos                         | 0.1% *               | No                             |                       |      |   |
|   | Polychlorinated biphenyls (PCBs)                                 | Polychlorinated biphenyls (PCBs) | 50 mg/kg             | No                             |                       |      |   |
|   | Ozone Depleting Substance (ODS)                                  | Chlorofluorocarbons (CFCs)       | No threshold value   | No                             |                       |      |   |
|   |  | Halons                           |                      | No                             |                       |      |   |
|   |  | Other fully halogenated CFCs     |                      | No                             |                       |      |   |
|   |  | Carbon tetrachloride             |                      | No                             |                       |      |   |
|   |  | 1, 1, 1-Trichloroethane          |                      | No                             |                       |      |   |
|   |  | Hydrochlorofluorocarbons         |                      | No                             |                       |      |   |
|   |  | Hydrobromofluorocarbons          |                      | No                             |                       |      |   |
|   |  | Methyl bromide                   |                      | No                             |                       |      |   |
|   | Anti-fouling systems containing organotin compounds as a biocide | e.g. Tributyltin (TBT)           | 2500 mg total tin/kg | No                             |                       |      |   |
| e.g. Triphenyl tins (TPTs)                                    |  | No                               |                      |                                |                       |      |   |
| e.g. Tributyltin oxide (TBTO)                                 |  | No                               |                      |                                |                       |      |   |
| EU SRR **   | Perfluorooctane sulfonic acid (PFOS)                             | 10 mg/kg                         | No                   |                                |                       |      |   |
| Table   | Material name  |                                  | Threshold value      | Present above threshold value? | If yes, material mass |      | If yes, information on where it is used |
|   |  |                                  |                      | Yes / No                       | Mass                  | Unit |   |
| Table B<br>(materials listed in appendix 2 of the Convention) | Cadmium and cadmium compounds                                    |                                  | 100 mg/kg            | No                             |                       |      |   |
|   | Hexavalent chromium and hexavalent chromium compounds            |                                  | 1000 mg/kg           | No                             |                       |      |   |
|   | Lead and lead compounds  |                                  | 1000 mg/kg           | No                             |                       |      |   |
|   | Mercury and mercury compounds                                    |                                  | 1000 mg/kg           | No                             |                       |      |   |
|   | Polybrominated biphenyl (PBBs)                                   |                                  | 50 mg/kg             | No                             |                       |      |   |
|   | Polybrominated diphenyl ethers (PBDEs)                           |                                  | 1000 mg/kg           | No                             |                       |      |   |
|   | Polychloronaphthalenes (Cl >=3)                                  |                                  | 50 mg/kg             | No                             |                       |      |   |
|   | Radioactive substances   |                                  | No threshold value   | No                             |                       |      |   |
| EU SRR **   | Brominated flame retardant (HBCDD)                               |                                  | 100 mg/kg            | No                             |                       |      |   |

\*Please refer to footnote 18 on the "Form of Material Declaration" in the IMO Guidelines Resolution MEPC.269(68).

\*\*Hong Kong International Convention for the Safe and Environmentally Sound Recycling of Ships, 2009 (SR/CONF/45).

\*\*\*Regulation EU No. 1257/2013 of the European Parliament and of the Council of 20 November 2013 on Ship Recycling and amending Regulation EC No. 1013/2006 and Directive 2009/16/EC EMSA's Best Practice Guidance on the Inventory of Hazardous Materials, dated 2016-10-28

\*\*\*\*Concentrations of PFOS above 10 mg/kg (0.001% by weight) when it occurs in substances or in preparations or concentrations of PFOS in semi-finished products or articles, or parts thereof equal to or above than 0.1% by weight calculated with reference to the mass of structurally or micro-structurally distinct parts that contain PFOS or for textiles or other coated materials, if the amount of PFOS is equal to or above than 1 µg/m<sup>2</sup> of the coated material.
