# Whomsoever it may concern

## SUBJECT:

Declaration of Non- Asbestos (Below hazardous threshold level)

**Customer: PHELIX SHIPPING VENTURES PVT LTD** 

**Vessel Name: CHEM MELBOURNE** 

Port: Port KHALID

Order Reference No.: V7KL8/O/DPO/2023-24/00962

**Delivery Date: 04/03/2024** 

The components product/material/spare part/equipment of the that provide we contains hazardous materials in threshold limits below referring those EU Regulation of Ship Recycling 1257/2013 and the Hong Kong International Convention for the Safe and Environmentally Sound Recycling of Ships, 2009.

MATERIAL DESCRIPTION-SUPPLY OF MATERIAL DECLARATION FOR ALL ITEMS

For Fremont Ship Spare Parts and Chandlers

LLC Date: 03-JULY -2024

#### SUPPLIER'S DECLARATION OF CONFORMITY (SDoC)

Supplier's Declaration of Conformity for Material Declaration (MD) management

| 1. SDoC identification number   | FSC-SO2402613  |
|---------------------------------|--|
| 2. Issuer's name                | Fremont Ship Spare Parts and Chandlers LLC                       |
| Iccuer's address                | P.O. Box: 393861, Belhasa Compound,<br>WH-11A, Al Quoz-3, Dubai, |
| 3. Object(s) of the declaration | NOS ASBESTOS DECLARATION CERTIFICATE                             |
|                                 |  |
|                                 |  |

4. The object(s) of the declaration described above is in conformity with the following documents:

| Document No.              | Title  | Edition / Date of issue |
|---------------------------|--|-------------------------|
| 5. MEPC.269(68)           | Guidelines for the Development of the Inventory of Hazardous Materials | 03-JULY-2024            |
| 6. Additional information |  |                         |
|                           |  |                         |

<sup>\*</sup> In accordance with regulation 4 of the IMO Hong Kong Convention, for all ships, new installation of materials which contain asbestos shall be prohibited. According to the UN recommendation "Globally Harmonized System of Classification and Labelling of Chemicals (GHS)" adopted by the United Nations Economic and Social Council's Sub-Committee of Experts on the Globally Harmonized System of Classification and Labelling of Chemicals (UNSCEGHS), the UN's Sub-Committee of Experts, in 2002 (published in 2003), carcinogenic mixtures classified as Category 1 A (including asbestos mixtures) under the GHS are required to be labelled as carcinogenic if the ratio is more than 0.1%. However, if 1% is applied, this threshold value should be recorded in the Inventory and, if available, the Material Declaration and can be applied not later than five years after the entry into force of the Convention. The threshold value of 0.1% need not be retroactively applied to those Inventories and declarations.

<sup>\*\*</sup> Additional materials to be listed, in accordance with Annex I and Annex II of the European Union Ship Recycling Regulation (Regulation (EU) No 1257/2013).
